

SIP

the scripture

Slowly

Psalm 1 speaks of 'meditating' on God's Word, to linger long over it, letting it soak in. Consider pondering a verse each week that stand out to you as you are hearing and reading scripture. Take your time to slowly read it, listen to it, consider how God may be applying your life to it.

Imaginatively

Put yourself in the story. As Jesus encounters people in the Bible, who are you in the story? What words do you hear Jesus speaking to you? What words do you need to hear?

Prayerfully

Pray the passage. Turn the verse into a prayer, use the language of God's Word to pray for yourself and others. Ask God how the passage is intended to effect your life and the life of others.

How will I live out the truth God is revealing to me in His Word?
